Greg:

In light of recent developments with COVID-19 and the court's encouragement to conduct depositions by video (and the court's instruction that the March hearing will be by video), I think it is best to conduct John White's deposition and David Boshea's deposition by video instead of in-person. Please make arrangements to change the deposition to video and I will do the same (I will send a Notice of Deposition with the appropriate information).

In addition, I would like to schedule a call with you this afternoon to discuss this case. Are you available between 2:30 and 5:00 EST? If so, please let me know what time(s). Alan Garten, an attorney in Baltimore, will be joining the call as well (he is copied on this email).
